- (E) Every Club shall play its best available qualified team or teams in all matches in the Competition. It is NOT intended that Clubs MUST field higher team players in lower teams when the higher team has no engagement. If, in the opinion of the Management Committee, the substance or spirit of the Rule is obviously being disregarded, the Club or Clubs concerned may be called to account for its/their actions and shall be subject to such decisions as the Management Committee may determine, despite the fact that Rule 8 has not been infringed.) Any Club with more than one team in the Competition shall always fulfil its fixture, within the Competition, in the following order of precedence: First Team, Reserve Team, A Team. Clubs in breach of this requirement shall be fined a sum not exceeding £10 or otherwise dealt with by the Management Committee.

In the case of a third postponement the Management Committee may deduct two points and impose a fine of up to £25. In the case of any further postponement the Management Committee may award the game to the opposition and impose a fine of up to £25. Should a team offend this rule more than three times during a season they will then be asked to attend a Special hearing of the Management Committee. The Management Committee will look at each case on its merits.

In the event of a match not being played or abandoned owing to causes over which neither Club has control, it shall be played in its entirety on a date to be mutually agreed by the two Clubs and approved by the Management Committee. Failing such agreement and notification to the Fixtures Secretary within 7 days the Management Committee shall have power to order the match to be played on a named date or on or before a given date.

A Club which calls off a match less than four days before it is due to be played shall, unless the pitch is unfit, shall be responsible for the pitch fee of up to £30 substantiated by an invoice, the referees fee incurred by the home team and the reasonable travelling expenses incurred by the away team as appropriate.

The Management Committee shall review all matches abandoned in cases where it is consequent upon the conduct of either or both teams. Where it is to the advantage of the Competition and does no injustice to either Club, the Management Committee shall be empowered to order the score at the time of the abandonment to stand. In all cases where the Management Committee are satisfied that a match was abandoned owing to the conduct of one team or its Club member(s) they shall be empowered to award the points for the match to the opponent. No fine(s) can be applied by the Management Committee for an abandoned match.

- To constitute a team there must be 7 players.

A Guide to Marking a Referee

The mark awarded by a club must be based on the referee's **overall** performance. It is most important that the mark is awarded fairly and not based upon isolated incidents or previous games. The referee's performance should be determined by the table below which should act as a guide for the overall mark which should fall within the mark range for each standard of performance.

MARK RANGE	COMMENT
91–100	The referee was extremely accurate in decision making and very successfully controlled the game using management and communication skills to create an environment of fair play, adding real value to the game.
81–90	The referee was very accurate in decision making and successfully controlled the game using management and communication skills to create an environment of fair play.
71–80	The referee was accurate in decision making and controlled the game well, communicating with the players, making a positive contribution towards fair play.
61–70	The referee was reasonably accurate in decision making, controlled the game quite well and communicated with players, establishing a reasonable degree of fair play.
60 and below	The referee had significant shortcomings in the level of accuracy of decision making and control with poor communication with the players which resulted in low levels of fair play.

Notes

- Using a scale of up to 100 allows greater flexibility for clubs to distinguish between different refereeing performances more accurately.
- A mark within each mark range can be given to reflect the referee's performance e.g. a mark of 79 indicates a somewhat better performance than a mark of 71.
- A mark between 71 and 80 represents the standard of refereeing expected.**
- When a mark of 60 or less is awarded, an explanation must be provided to the League or Competition by completing the appropriate box on the marking form. It must include comments which could help improve the referee's future performances. Even where a referee has significant shortcomings there will have been some positive aspects which should be given credit; extremely low marks (below 20) should be very rare.

How to decide on the Referee's Mark

The following questions focus on the key areas of a referee's performance. They are intended as an 'aide memoire', are not necessarily comprehensive and need not be answered individually. It is, however, worth considering them before committing yourself to a mark for the referee.

CONTROL AND DECISION MAKING

- How well did the referee control the game?
- Were the players' actions recognised correctly?
- Were the Laws applied correctly?
- Were all incidents dealt with efficiently/effectively?
- Were all the appropriate sanctions applied correctly?
- Was the referee always within reasonable distance of incidents?
- Was the referee well positioned to make critical decisions, especially in and around the penalty area?
- Did the referee understand the players' positional intentions and keep out of the way accordingly?
- Did the referee demonstrate alertness and concentration throughout the game?
- Did the referee apply the use of the advantage to suit the mood and temperatures of the game?
- Was the referee aware of the players' attitude to advantage?
- Did the referee use the assistants effectively?
- Did the officials work as a team, and did the referee lead and manage them to the benefit of the game?

COMMUNICATION AND PLAYER MANAGEMENT

- How well did the referee communicate with the players during the game?
- Did the referee's level of involvement/profile suit this particular game?
- Did the referee understand the players' problems on the day — e.g. difficult ground/weather conditions?
- Did the referee respond to the changing pattern of play/mood of players?
- Did the referee demonstrate empathy for the game, allowing it to develop in accordance with the tempo of the game?
- Was the referee pro-active in controlling of the game?
- Was the referee's authority asserted firmly without being officious?
- Was the referee confident and quick thinking?
- Did the referee appear unflustered and unhurried when making critical decisions?
- Did the referee permit undue questioning of decisions?
- Did the referee deal effectively with players crowding around after decisions/incidents?
- Was effective player management in evidence?
- Was the referee's body language confident and open at all times?
- Did the pace of the game, the crowd or player pressure affect the referee negatively?

Final Thoughts

- Always try to be objective when marking. You may not obtain the most objective view by marking immediately after the game.
- Judge the performance over the whole game. Don't be too influenced by one particular incident.
- Don't mark the referee down unfairly because your team was unlucky and lost the game or some disciplinary action was taken against your players.
